## VLADIVOSTOK SHIPS ARE AGAIN SEEN NORTH OF YOKOHAMA GOING SOUTH

THE CZAR AT THE NAVY YARD, ST. PETERSBURG.

**London Hears That Skrydloff's Squadron Has Been Reenforced By Newly-Purchased German Cruisers — Anglo-Russian Crisis Has Probably Been Averted.**

(ASSOCIATED PRESS CABLEGRAMS.)

TOKIO, July 23.—The Vladivostok squadron has been sighted eighty miles off Hitachi province steering south.

LONDON, July 23.—It is reported that the cruisers Russia bought from Germany have joined the Vladivostok squadron.

Hitachi province is about fifty miles north of Yokohama and the presence of the Russian fleet about eighty miles east of that point, steering south, puts the Russians right in the track of steamers bound for Yokohama from American Pacific Coast ports.

WILL RELEASE MALACCA.

ST. PETERSBURG, July 23.—Russia has agreed to release the Malacca after a perfunctory inspection at Suda Bay.

WAR SCARE SUBSIDING.

LONDON, July 23.—The press is satisfied with the Malacca solution though there is an inclination to await the settlement of the Dardanelles question before believing that all dangers has been averted.

PORTE AND RUSSIAN SHIPS.

CONSTANTINOPLE, July 23.—The Porte refuses to prevent Russian vessels passing through the Dardanelles when unarmed and flying the commercial flag.

AFTERNOON REPORT.

CHEFOO, July 22.—The Japanese are searching steamers from Shanghai for contraband goods.

TOKIO, July 22.—After severe fighting General Kuroki's army occupied Kiaotung on the 19th inst. The Japanese lost 420 killed and wounded. The Russian loss was 1,000.

WASHINGTON, July 22.—Officials of the Pacific Mail Steamship Company, owners of the steamer Korea, have asked Washington authorities for a definition of contraband goods liable to seizure.

WILSON BARRETT DEAD.

LONDON, July 22.—Wilson Barrett, the actor, is dead.

Wilson Barrett, son of a farmer of Essex, England, entered upon a stage career at the age of seventeen and since that time has secured great fame as actor, dramatist, novelist, and theatrical manager. He has paid five visits to the United States. The best known of his dramatic works are "The Sign of the Cross," "Pharaoh," "Now-a-days," "The Daughters of Babylon," and "In Old New York."

## TEMPESTUOUS DAY IS FOLLOWED BY QUIET NIGHT AT WAIPAHU

Up to 5 o'clock yesterday, matters had taken a more serious aspect at Waipahu plantation where Japanese laborers are on a strike, and the circumstances seemed to warrant more police protection than the plantation afforded. At the request of Manager Ahrens a force of twelve mounted police under the command of Lieut. Leslie was despatched to the plantation on the 3:15 train, and on the 5:15 train Deputy Sheriff Chillingworth and ten foot police went down to re-inforce them, as a report of a disturbance reached the High Sheriff late in the afternoon.

About 6 o'clock a statement was received from the plantation that a serious uprising might occur during the night and the High Sheriff arranged for a special train consisting of an engine and one car to go down at 7 o'clock. Later the High Sheriff decided this would not be necessary but arranged to have the new force leave

on the 11:15 train. At the same time a staff representative of the Advertiser went along. He reported to the office between midnight and one a. m. as follows:

"All is quiet now but the police are vigilant. There are 22 of them under command of Deputy Sheriff Chillingworth. They are guarding the plantation headquarters, patrolling about the mill, etc. The strikers are asleep in their camps. This afternoon when Leslie's men came down, Manager Ahrens was surrounded by a turbulent throng. The police broke through the crowd and brought him out. Consul Saito and Editor Shiozawa have been talking all day but couldn't do much. The Consul was hissed for the first time in his experience. The demands of the laborers, stimulated by what they have heard of mainland strikes, have expanded. They want cars enough to bring them all home after work, piped water in their quarters, and exchange of unprofitable sharing con-

## DAVID LAWRENCE ARRESTED ON A SERIOUS CHARGE

The Chronicle says:

David Lawrence, representative of an Eastern tobacco firm, filled himself with liquor Monday night and stopped his good time over to the next morning. It was a cold bottle and hot bird that he craved and he sought them at "Bab's" restaurant, at 323 Larkin street. His condition was not one that satisfied the waiters, and they refused to serve him and his companion with refreshment of any kind. Then he called long and loud for the proprietor. Babcock was there, but said that he was not, so the super-heated tobaccoist still continued to howl.

Just then Percy McMillan, a waiter with a misplaced idea of diplomacy, endeavored to quiet matters and dispel the war cloud, but he only raised another, for Lawrence threatened to cut his heart out and grill it, dashing at the waiter with a pocket-knife as a proof of good faith. McMillan caught the knife in his arm, where a slight

wound was inflicted, and Lawrence rushed off to another room, kicking on the door and demanding a revolver with which he might shoot Babcock, and saying that he would carve every one present into slices. No one accommodated him, and Policemen Krake and Heitt, who had been summoned, arrested him for an assault with intent to commit murder, after they had pursued him as far as 421 Golden Gate avenue.

His case was continued by Police Judge Conlan until next Tuesday, and, it being learned by the Court that McMillan's wounds were superficial, he fixed bail in the sum of \$500, for which sureties were furnished.

Lawrence came here from Hawaii and has made himself well known along the line during his stay. It is urged by those who know him that liquor has a peculiar effect on him and transforms an ordinarily peaceful citizen into a seeker of brawls.

## MEAT CUTTERS' STRIKE.

CHICAGO, July 23.—The resumption of the meat-cutters' strike was attended by minor rioting.

CHICAGO, July 22.—The strike of meat cutters has been resumed on account of an alleged violation of agreement. They claim that all the strikers have not been taken back. The companies respond that they have no need for the full force.

## DEMOCRATIC DATES SET

**Delegate Iaukea Speaks About Presidential Candidate.**

Monday, August 22, at 10 a. m., in the city of Honolulu, the Democratic Territorial Convention will assemble. Its business will be the framing of a platform, the nomination of the party candidate for Delegate to Congress and the election of the Territorial Central Committee.

District conventions for the nomination of Democratic candidates for Senators and Representatives in the Territorial Legislature will be held, for the Island of Oahu on Wednesday, August 24, and for the other islands on Saturday, August 27.

Nominations of delegates to Territorial and District conventions will be made by the Democratic precinct clubs on Thursday evening, August 4.

Primaries for the election of delegates will be held on Saturday afternoon, August 13.

All of these appointments were settled at a meeting of the Territorial Central Committee held in Waverley hall last night.

Fred. Turrill presided, and Harry Juon, secretary, was at the desk. Others present were Col. C. J. McCarthy, Curtis P. Iaukea, S. K. Kaloa, J. K. Prendergast, John Effinger, Harry Swinton, John Emmeluth, R. B. Kidd, F. J. Testa, E. H. F. Wolter, John F. Bowler, W. A. Kinney, Julius Asen, Frank Harvey, Wm. F. Erwing, W. B. Moss, P. O'Sullivan and L. D. Thompson, the four last being visitors.

The business was all based upon a committee report. This also dealt with the basis of representation in the conventions, over which there was much discussion.

Mr. Iaukea made a motion to make the basis of representation one delegate to every fifteen members of a precinct club, but each club to have one delegate in any case. There was a good deal of discussion over the wording of the motion.

Mr. Kidd favored the former basis of one delegate to ten members, but for some time the meeting seemed to be for a reduction.

Col. McCarthy, after considerable discussion, moved an amendment to go back to the former basis of one delegate for every ten members. After he had made a ringing speech, claiming that his sole motive was the good of the Democratic party, his amendment was carried amidst rousing applause.

The report of the committee was then taken from the table for further (Continued on page 2.)

## KUHIO HAS PRECINCTS

**Result of the Primary Meeting Last Night.**

Following are the results of last night's primaries which were generally carried out in the interests of Kuhio for Congress:

FIRST PRECINCT—FOURTH DISTRICT.

W. W. Harris, president, and S. K. Kamalopili, secretary, were at the head of a large meeting of the Republican club of the first precinct, fourth district, held on the premises of Thos. P. Cummins, Pawa. Minutes of previous meeting were not prepared and nominations became the first order of business, resulting as follows:

For six delegates to Territorial Convention: Fred. W. McFarlane, E. G. Keen, W. W. Harris, S. Kalla, T. P. Cummins, Jas. Merseberg, Sol. Kauai, M. S. Kauai, H. Merseberg, W. H. Charlock, John Ku, Jonah, J. W. Kelki, C. A. Brown, Jack Kuamoo, J. D. McVeigh, Paul R. Isenberg, Harry Armitage.

For twelve delegates to District Committee: James H. Boyd, Isaac H. Harbottle, Jas. Nott Jr., E. Buffandeau, Frank Andrade, Geo. Macy, Ed. Towse, Geo. P. Thiele, S. F. Chillingworth, W. W. Chamberlain, Kalani, S. K. Kamalopili, S. M. Kanakani, Isaac Noar, Geo. Wood, Alex. Pahau, W. C. Roe, Chas. Lewis, C. F. Peterson, Robert Pahau.

John Kidwell was nominated for the District Committee by Jas. H. Boyd, but as quickly as possible rose and said:

"I have been nominated by a Home Ruler, so please strike my name out." Mr. Boyd warmly said that he thought Mr. Kidwell took a poor way to teach the Hawaiians political manners. His words he regarded as uncalled for and not becoming.

Mr. Kidwell attempted to speak, but President Harris ruled that all remarks were out of order. Before sitting down, however, Mr. Kidwell insisted on the right to withdraw his name from the list of nominations.

W. H. Charlock presented the following resolution, which, on motion of Jas. Nott Jr., was carried by a rising vote, a small minority remaining seated:

"Whereas: The first precinct of the fourth district is the home precinct of the Honorable Jonah Kuhio Kalaniana'ole, Delegate to Congress, and  
"Whereas: The interests of the whole Territory can be best served by the re-election of our present Delegate, Honorable Jonah Kuhio Kalaniana'ole;  
"Therefore, be it resolved, That the Republican Club of the 1st precinct, Fourth district, hereby pledges its support to the Honorable Jonah Kuhio Kalaniana'ole, as candidate of the Republican party for Delegate to Congress, and through its delegates to the Territorial Convention to work to that end."

SECOND PRECINCT—FOURTH DISTRICT.

J. H. Soper presided over the meeting of the Second precinct of the Fourth district and H. E. Murray acted as (Continued on page 2.)

## WEATHER STATION AT TOP OF ALEX. YOUNG BUILDING

**The Change from Punahou May Cause Alterations in Honolulu Weather Conditions as Matter of Record.**

Alex. M. Ashley, the first director of the United States Weather Bureau station in Hawaii, has received a cablegram from Washington confirming his choice of location for the station.

This is at the top of the south tower of the Alexander Young Building. There the various appliances and apparatus for observing and recording meteorological phenomena will be installed.

The location is liable to yield considerable differences in every particular from the records of the old Hawaiian weather bureau headquarters at Punahou. Local rainfalls vary greatly according to relative positions of localities toward mountains and valleys about Honolulu, so that in this respect the continuity of basis of comparison at a given point is broken by the change of weather headquarters.

Mr. Lydecker, who is keeping up the Hawaiian service until the Federal station begins operations, fears that the heat radiation from the stone and concrete construction of the Alexander Young Building walls and roof garden floor will result in having the mean temperature of Honolulu put up a notch or two in the Federal as compared with the Hawaiian official records.

Perhaps, however, the fresh breezes that almost constantly sweep the top of that building will counteract the heating agencies mentioned.
